## INTRODUCTORY

**I**N presenting our annual sale catalogue to the public, we feel that we herein catalogue a better lot of cattle than were sold by us last year, when we received the highest average of the season. An even half dozen of the bulls are especially good, their breeding is exceptionally high class and they are all from the very best cows in our herd and all sired by Avondale.

The cows and heifers in the sale are a collection of the best that could be gotten together. There are many show yard prospects among the heifers of our own breeding, and we have found it advisable to buy a number of young cows and heifers for this sale to breed to Avondale and Shenstone Albino.

This affords the public the opportunity to purchase cows in calf to these two great bulls.

It will be remembered that Oakland Star, the Ohio State Fair Grand Champion of 1909, and Selection the International Grand Champion of 1909 were both purchased in dam at a Maxwalton sale.

Our aim has been to breed cattle for beef, milk and early maturity and we have found that these qualities go hand in hand; without one we can not get the other with profit, and without exception our winning calves have been from our best milking dams.

Our aggregate winning in prizes in the great shows of 1909 were much larger than those of any other exhibitor and our herd now numbers about 225 registered cattle.

Our Dairy cows won first at the American Royal and second and third at the International of 1908 and third on cow and first and third on heifers at the International of 1909.

We extend a cordial invitation to all interested in good cattle to attend this sale and feel sure that those who come will not be disappointed.

**GUARANTEE**—All animals are guaranteed to be as represented in this catalogue and all of breeding age are bred and guaranteed breeders. No unsound animals will be sold.

Certified certificate of pedigree will be furnished with each lot sold.

All stock will be loaded free and with care but will be at buyer's risk as soon as bid off.

Terms cash or a credit of six months at six per cent. on bankable paper.

Very respectfully,

CARPENTER & ROSS.

Mansfield is on the Pennsylvania, the T. W. V. & O., the Erie and B. & O. or Electric cars from Galion or Shelby on Big Four. Conveyances will be furnished to the farm on day of sale or special transportation via the Pennsylvania Ry. from Mansfield.

AVONDALE has won more coveted ribbons and sired more purse winners than any other bull to our knowledge. Although he has met many defeats, he has won more each year since a calf than any of his opponents. His get have been very much in evidence in the show ring the past two years. He sired Selection, the International Grand Champion of 1909, and Dales Gift, International Junior Champion 1909 also the Alaska-Youkon Pacific Exposition Junior Champion of 1909, and won the Get of a Sire prize at Chicago 1909, and sired the undefeated Calf herd of 1908. Bulls and heifers sired by him won far more than calves by any other sire at the 1908 and 1909 International Shows.

SPECULATOR was first prize calf at Bermingham sale 1904 and brought the highest price of his year. He won first at the Royal the same year and was sold to go to Chili at \$8,000. He was got by Speculation out of Blythsome 20th by Spicy Robin.

SHENSTONE ALBINO was a noted winner in England where he was kept exclusively for a show bull. We had been in the market for such a bull for several years and we consider ourselves very fortunate in getting him. He was Grand Champion at the A. Y. P. Exposition, Denver and Ft. Worth Shows of 1909 and was Senior Champion at the International where he was defeated by an Avondale calf. We have seen but few of his calves but they are the right sort and he is proving a very sure breeder.

IMP. OLD LANCASTER is one of the best known bulls ever imported to Canada. He is sire of the Great Champion cows and heifers, Lancaster Bud, Pleasant Valey, Jilt Flora 90th and many others. He was Grand Champion bull at Loronty 1906. His dam was the best cow to be seen in Scotland for several years.

MORNING'S PRIDE got by Pride of Morning out of a Roan Lady dam. He sired many noted animals including Lord Lovat's great breeding bull, Royal Star.

VICTORIA 75TH is a great show heifer. She stood first at Toronto as a calf and was a winner as a yearling and two-year-old at a number of the State Fairs, Kansas City and Chicago. She is in nice shape to go along for a show cow this year.

Bred to Barrister Jan. 2nd.

SWEET DUCHESS OF GLOSTER is one of the best females we ever owned. It is a safe statement to say that she has won more at the leading shows than any other female of her age. She is mother of a nice heifer and is safe in calf to Shenstone Albino since Jan. 27th. This ought to make a great cross and sure to produce a winner. She is a very good traveller and is sure to make a great show record this fall. We cannot very well afford to part with her but we hope to see her top the sales this year. Bred to Shenstone Albino January 27th.

LUXURY (74958) bred by J. Bruce and from his noted Rosewood family. His sire was Waverly (68072), one of the great sires in the Bruce herd, and his dam was Rosewood 57th by Royal Robin (63290.)

GLORY (74618) by the grandly-bred Missie bull Masterpiece (61295) dam Lady Lincoln 5th, by Belted Knight (56933) (an Inverquhomery Augusta, which family furnished more Smithfield winners than any other in Great Britain) sire Clear-the-Way (47604) sire of both 1st and 2nd prize steers at Smithfield, 1891, also of steer which won 1st and reserve for Breed Cup, same show 1892.

SITTYTON SCARLET (58163) bred by Mr. Cruickshank and used by W. S. Marr, no better certificate of character could easily be given, but the breeding corroborates it. His sire was Cumberland (46144) and his dam was Amaranth by Barmpton 37763. Sittyton Scarlet (58163) was a good bull and a good sire.

MAXWALTON DOROTHY is perhaps the most valuable prospect to go in the sale ring this year. She has a long list of winnings at all the leading fairs in the country. She has won many firsts and never met but two heifers that could question her right to that position. Her dam is the very best brood cow in our herd, is a good milker and could be put in show condition at ten years of age. We are very indifferent about parting with this heifer but we hope some one will want her to fill the two-year-old class this year.

In calf to Shenstone Albino and a liberal sum will be offered for the calf.

IMP. PRINCE FAVORITE 45214, was used in the herd of W. G. Pettit & Sons for several years with great success and many of his get have won honors in the leading Canadian exhibitions, which demonstrates his value as a sire. He was also a strong show proposition himself, winning the Grand Championship at the Canadian National Exhibition, Toronto, and also at the New York State Fair at Syracuse in 1907. His breeding was very choice as he is from the noted Marr Princess Royal family, being bred by the late W. S. Marr. His sire Bapton Favorite was considered one of the best sires ever used in the Uppermill herd and at its dispersion sold for over \$6,000.

SCOTTISH PRINCE (72593) belongs to the popular Princess Royal family. He was got by Captain Ripley (68324) of the Uppermill Red Lady family and a grandson of William of Orange (50694) out of Scottish Princess by the great Scottish Archer (59893), grand dam Princess Royal 41st by William of Orange (50694.)

ALAN GWYNNE (66609) was got by Star of Morning (58189), sire of Pride of the Morning, the Highland Society Champion, and many other winners. He was out of Alice Gwynne by Rosario K. (54936.) She is one of the strongest heifers to be sold this year.

ROSETTA 18TH is a very choice heifer and should make a strong show proposition for the two-year-old class of 1910. As a yearling she won fourth in Toronto and first at London in strong competition.

Bred to Avondale February 18th.

THE MISSIE FAMILY, on account of having produced more high-classed Shorthorns during the past twenty years than any other, is conceded by many to be the most valuable family in existence. The family was practicably built up by the Messrs. Marr Senior and Junior, they having purchased the cow Countess by Pacha (7612) from Capt. Barclay about the year 1850. Eighteen members of the family, old and young, sold at the dispersion of the Uppermill herd for an average of \$830 each.

This is conceded to be one of the richest pedigrees in the herd books and this is a good representative; she was a winner at a number of the shows and will be a valuable addition to any herd.

The sires in this pedigree are too well known to need any comment from Avondale 245144 to Abbott 2899 each of the bulls was the most popular of his time and headed the best herds in existence.

It is doubtful whether the late W. S. Marr had in his Uppermill herd a better family than the Roan Ladys. They were highly prized on account of there being such regular breeders and almost without exception extra heavy milkers. Rosetta 19th is a smooth mossy heifer and with her breeding should make a valuable cow.

ROYAL CHAMPION 60071 was sired by Imp. Scottish Pride 36106 one of stock bulls for several years and sire of some of the best cattle which the herd has produced. Royal Champion was out of Imp. Lady Ann 14th by the excellently bred Duthie bull Royal Victor (75552).

REMUS (73402) was the sire of Choice Goods (76350), winner Gold Medal for the best Shorthorn bull, and \$100 prize for best Shorthorn, either sex, at Highland Society's show, Inverness, July, 1901. First in his class at Chicago International, 1901, and first in his class and Senior Champion at the same show, 1902. Remus was got by Star of Morning, dam Rosa Gwynne of Rosario (35315).

Harris well known Cruickshank Brawith Bud bull, Imp. Craven Knight 96923 out of the great cow, Imp. Princess Alice by Field Marshal 64894. There is probably no better Cruickshank pedigree on record in the herd books and the pedigree is backed up by the individual merit of his ancestors.

MERRY DALE is a very handsome red bull, full of the character and quality of his ancestors. We have used him some on the herd and had expected to retain him for service, but owing to the purchase of the Imp. bulls we concluded to sell all the Avondale calves. He was generally considered the choice of the 1908 calves and was well up in the money at a number of shows last year including 2nd at Seattle.

GLORIOUS DALE is one of the thickest, shortest legged and smoothest bulls we know of. He also has a beautiful head and all the appearance of making a great sire. His dam and grand dam are two of the best and most valuable breeding cows we ever owned. He is from the same dam as Sweet Duchess of Gloster that has won so much for us. He stood second in his class at Seattle and was a winner at a number of other shows. We feel sure he will make a great sire.

The Rosewood Family is very highly esteemed in Scotland. They and the Augustas are very much sought after there and always outsell all others of equal merit.

See Avondale's Record elsewhere.

THE PRIDE OF DAY (79597) belongs to the Miss Ramsden family which has produced some of the best cattle ever brought from Scotland. He is grandly bred, as he was got by Pride of Morning (64546) (the Highland Society Champion of Aberdeen 1894, first in his class, and winner of the Duke of York's medal for best Shorthorn in 1893; first Shorthorn Society's prize of twenty pounds at Royal Northern) out of Scotland's Belle by the great Scottish Archer (59893).

WAVERLY (68072), after winning at Highland Society Show at Aberdeen in 1894, was purchased to head the Inverquhomery herd, not only for his great merit, but because of his excellent breeding, for he was by Mr. Bruce's Bendigo, who was a son of Clear-the-Way (47604), out of Augusta 8th. The Augusta family has furnished more Smithfield winners than any other in Great Britain.

BANADULAE (56843) also belongs to the Inverquhomery Augusta family. He was got by Clear-the-Way (47064) sire of both 1st and 2nd prize steers at Smithfield 1891; also of the steer which won first and reserve for Breed Cup, same show, 1892. His dam was Augusta 7th by Privy Seal (50628).

This calf has done extra well since the shows; he was always well up in the money at the leading fairs and we predict that he will make one of the best bulls that ever the herd produced.

IMP. MASTER OF THE CLANS 144728, a Missie bull bred by Mr. Duthie, got by Chief of the Clan 144783, out of Mademoiselle 8th, by Master of Ceremonies.

IMP. LORD NONPAREIL was one of the few Roan Gauntlet bulls ever permitted to leave Scotland. Mr. Cruickshank thought him good enough to be retained in his herd, but at the earnest solicitation of the late James I. Davidson he was allowed to come to America and passed into the possession of Ezra Swain, of Noblesville Ind., in whose herd he left a lot of good things. He was leased for one year to J. G. Robbins & Sons for use on their Gay Monarch heifers.

GAY MONARCH was one of the truly great sires of the breed. He was got by William of Orange 95736, out of Alexandria 17th by Athabasca 90276; Alexandria 14th by Journalist 93110.

LOTTIE is a massive roan and usually weighs over a ton. She was the most successful show cow in America for some time. She has been a winner since a calf and only met one defeat as a two-year-old and this being at Chicago where she has never been lower than third in four years showing in the general class. She has undoubtedly won more honors than any other show cow of her time. She stood sixth in the dairy class at Chicago 1908, and weighed over 2100 and had been fresh ten months. We have never tested her milking capacity exactly but she has given considerably better than 50 lbs. on grass.

This is one of the thickest calves we ever bred and will make some one an outstanding show bull as well as an extra breeder.

THE LANCASTER FAMILY was brought prominently before the American Shorthorn breeders many years ago by the great show-yard and breeding career of Baron Booth of Lancaster. They have been highly prized in America and in Scotland for many years and they show no signs of deterioration up to the present time. They are a branch of the Lavender family.

## THE COLLIE DOG

What is more useful on a farm than a good dog. This question can only be answered by one who has a good Collie and knows how to take care of him. My experience in the dog business has been very satisfactory. I started in a small way but with the best blood available. For some time I could not satisfy myself that my stud dog was up to the standard or as intelligent as he ought to be.

During my visit of 1907 to Scotland I purchased the best dog in that country; he had been shown at five K. C. Shows and was never beaten, getting the winners cup every time shown, making him the Champion of Britian. Nashville, Tenn. was the only show he made in America and got the winners cup for the best dog in the show. I had the misfortune to loose him but not until I had a nice lot of pups by him, and one of them, The Kullint now my chief stud dog, is the handsomest dog I ever seen when in full bloom.

It is an old saying that like begets like—this applies to intelligence as well as appearance and puppies from well trained parents are far more likely to give satisfaction than a kennel bred dog whose parents have never had their intelligence cultivated.

I have often herd it said that a dog can do anything but talk, but I have often seen a Collie talk to his master in several ways, and the Collie is the only dog that can laugh and it has been said that he is no true collie if he cannot laugh. Of the many collies I have put out in the last few years, I have never sold one for less than \$10.00, and I consider that a dog that is not worth \$10.00 is not worth having. I had the tempting offer of \$1000.00 for Monkland Hero and although I had the misfortune to loose him, I feel that I made no mistake in keeping him as his son, The Kullint, is even more promising than he. Look at the dog illustrations and ask yourself if you would like to have a collie instead of your cur dog.

Very truly,

P. G. ROSS.
